Services for users of the Vie Francigene and Ways
WHY A SERVICE SOCIETY FOR THE VIE FRANCIGENE?

The European Association of the Vie Francigena (EAVF), carrier network of the Via Francigena for the Council of Europe, has been equipped with a limited liability operative structure (Ltd) with the aim to flank the institutional activity with activities and services of an entrepreneurial nature in regard to the suppliers of the Via Francigena and those who operate within the territories crossed by or in the network of the Vie Francigena ways.

Francigena Service s.r.l., 100% controlled by the EAVF, uses its 'know-how' and experience acquired since 2001, the year the EAVF was founded. In addition to this, its strong planning ability as well as cooperation with the network of businesses with which the EAVF collaborates to promote the Francigena.
