DOWNLOADL'APP

The App for iPhone and Android allows the GPS navigation along the whole Via Francigena route, from Canterbury (UK) to Rome, more than 2000 km.

The maps and detailed descriptions can be pre-downloaded to the smartphone, which can also work without any internet connection.

OFFICIAL GUIDES

A detailed description of the main stages and variants is the largest part of the guide, accompanied by detailed maps with all of the necessary technical information: distance, height differences, accommodation, dining and supplies, public transport to reach or leave the point of departure and arrival.
